In the version of the article initially published, in the "Output" panel of Fig. 1b, the label originally reading "Estimate age – Age gap" has been separated so that "Estimated age" and "Age gap" are level with the numbers in circles and ribbons, respectively. Additionally, the *x*-axis labels for both graphs originally read "Chronological gap" and have been corrected to "Chronological age". These corrections have been made to the HTML and PDF versions of the article.
